
GENDER EQUALITY STILL 60 YEARS AWAY, WARNS STUDY

-

30.10.2020

EU Observer (30 October 2020)

At the current pace of improvement, women will reach complete equality with men in 2080 in the EU, according to the latest report on gender equality in the bloc published by the European Institute for Gender Equality (EIGE) on Thursday (29 October).

The EU agency warned that the progress on gender quality in the EU is far too slow - and is mostly driven by only a few countries.
