ARMENIA'S NPP RE-CONNECTED TO ENERGY SYSTEM AFTER MAJOR OVERHAUL

-

19.10.2021

Public Radio of Armenia (18 October 2021)

Siranush Ghazanchyan

The Armenian Nuclear Power Plant was re-connected to the energy system of Armenia over a major overhaul on Sunday.

The final preventive and maintenance work within the framework of the project to modernize and extend the life of the Armenian nuclear power plant has been completed.
