ASHGABAT AND ISLAMABAD TO DISCUSS PROMOTION OF ENERGY PROJECTS

-

31.01.2022

Orient (29 January 2022)

Turkmen Deputy Foreign Minister Vepa Hajiyev will travel to Islamabad for talks on the practical implementation of the TAPI gas pipeline construction projects and the Turkmenistan-Afghanistan-Pakistan power transmission line.

Comprehensive negotiations will be held with the relevant managers and technical experts during the business trip from January 30 to February 4 of this year.

It is immediately apparent that in the implementation of Turkmenistan's energy policy, special diplomatic activity has recently been observed in the Afghan-Pakistani direction. This is evidenced by the fact that for a period of two months a series of diplomatic steps took place, which ORIENT wrote about.
