
NORD STREAM LEAKS: SABOTAGE TO BLAME, SAYS EU

-

29.09.2022

BBC (28 September 2022)

The EU has said leaks in two major gas pipelines from Russia to Europe were caused by sabotage - but stopped short of directly accusing Russia.

European Commission head Ursula von der Leyen said deliberate disruption would meet the "strongest possible response".

The EU has previously accused Russia of using gas supplies as a weapon against the West over its support for Ukraine.
