Azerbaijani ecologists representing NGOs protesting Armenia's illegal exploitation of natural resources in Karabakh region since Dec. 12

Azerbaijani environmental activists on Tuesday have been protesting on the road connecting the cities of Lachin and Khankendi in the Karabakh region for the past 100 days.

Activists began their protest against Armenia's exploitation of natural resources in the Karabakh region on Dec. 12, 2022, and started their 100th day of protests by singing the Azerbaijani national anthem and patriotic songs, later chanting slogans.
