
SITUATION ON FRONTLINE HAS WORSENERED, UKRAINE ARMY CHIEF SAYS

-

29.04.2024

BBC News (28 April 2024)

Ukraine's commander-in-chief has said the situation on the frontline has worsened in the face of multiple Russian attacks.

Oleksandr Syrskyi said Ukrainian forces had withdrawn from positions in the eastern Donetsk region.

Russia is trying to take advantage of its superiority in manpower and artillery before Ukrainian forces get much-needed supplies of new US weapons.
