Russia has effectively dismantled and replaced the Wagner Group in the year since the mercenaries shocked the world by launching a mutiny against President Vladimir Putins government, experts have told the BBC.

Yevgeny Prigozhin □ the late leader of the paramilitary force □ crossed from Ukraine on 23 June 2023 and seized the southern city of Rostov after months of increasing tensions with military leaders in Moscow.

His forces then began a brief charge towards the capital, meeting virtually no resistance. The march for justice, as Prigozhin called it, came to an abrupt end the following day after he called off the advance.
