AVİM's Note: *It is known that the Armenian Apostolic Church is opposed to a peace agreement being made with Azerbaijan as well as the normalization process with Türkiye. The Church does not shy away from becoming even more provocative in its attitude as well as approving and honouring the "Western Armenia" notion, which is an indication of their territorial claims against Türkiye.*

Armenian Apostolic Holy Church - The Mother See of Holy Etchmiadzin (26 June 2024)
