TURKIC STATES AI FORUM KICKS OFF IN BISHKEK

- 09.10.2024

Kabar (9 October 2024)

Turkic states forum on Artificial Intelligence (AI) has started in the Kyrgyz capital city of Bishkek.

The Forum is an innovative two-day event that will bring together representatives of government agencies, leading experts in the field of artificial intelligence, representatives of business, academia and the IT community from Turkic countries, the Central Asian region and around the world, the Ministry of Digital Development of Kyrgyzstan said.

The event is held under the slogan: uniting intellects, multiplying opportunities, shaping the future.
