
INDIA SHIPS FIRST AKASH AIR DEFENCE MISSILE SYSTEM BATTERY TO ARMENIA

- 12.11.2024

The News Indian Express (12 November 2024)

Mayank Singh

Manufactured by Bharat Electronics Limited (BEL), each battery of Akash weapon system is accompanied by a single Rajendra 3D passive electronically scanned array radar and four launchers with three missiles each

India marks another milestone in its defence export as it shipped the first Akash weapon system battery to Armenia. This is the second missile system to have been exported.

The Akash system, developed by the Defence Research and Development Organization is a surface-to-air missile (SAM) which can hit targets like fighter jets, missiles (cruise, air-to-surface), drones and other aerial assets to a range of 25km.
