
FORMER US SENATOR BOB MENENDEZ BLAMES WIFE FOR CORRUPTION SCANDAL

- 07.01.2025

AVİMs Note: *US Senator Menendez's unusually enthusiastic support for the propaganda of the Armenian Diaspora lobby groups had frequently been attributed to the influence of his partisan wife of Armenian origin, Ms. Nadine Menendez. The revelations about his corrupt practices, however, point to other reasons for why he is such an enthusiastic supporter for the Armenian Diaspora cause. It should be pointed out that the same can be said for the other members of the US Congress who behave similarly to Mr. Menendez when it comes to the propaganda of the Armenian Diaspora lobby groups.*

Lawyers for former U.S. Senator Bob Menendez blamed his wife Nadine for the corruption scandal that led to his downfall and asked for leniency weeks before his sentencing.

Menendez resigned from his position on August 20, 2024, after being found guilty of various corruption-related charges, including accepting bribes.

In a legal brief filed minutes on Thursday, the lawyers, Avi Weitzman and Adam Fee, laid out Menendez's rise to political prominence in Hudson County, New Jersey, and a catalog of good deeds done for constituents during three decades in Congress.
