
REAL GDP GROWTH RATES ACROSS CAUCASUS AND CENTRAL ASIA EXPECTED TO DIP □
WORLD BANK

-

31.01.2025

Eurasia.net (23 January 2025)

Decline will be felt more in Caucasus than in Central Asia.

The World Bank is predicting broadly slower growth for the next two years in the countries of the Caucasus and Central Asia.

The World Bank forecast published this month, titled Global Economic Prospects, projects Georgia and Azerbaijan to experience the biggest declines in real GDP growth of all Caucasian and Central Asian states.
