Anadolu Agency (4 December 2025)

Riyaz ul Khaliq

Indonesias pledge to deploy 20,000 personnel to the Gaza Strip will contribute to global peace within the framework of the UN, a Foreign Ministry spokesperson told Anadolu.

Vahd Nabyi A. Mulachela, however, called for a "permanently implemented" ceasefire in Gaza, which will "serve as a first step to enable humanitarian access" after two years of genocidal war by Israel.

"First, we must have a permanently implemented ceasefire in Gaza, which will serve as a first step to enable humanitarian access and recovery, reconstruction, and ultimately the independence of Palestine based on the two-state solution," said the spokesman.
