
THE FOUNDING MEETING OF THE TURKIC FORENSIC SCIENCE NETWORK HELD IN BAKU

-

03.04.2026

Organizations of Turkic States (3 April 2025)

The Founding Meeting of the Turkic Forensic Science Network held in Baku, Republic of Azerbaijan on 3 April 2026. The Memorandum of Understanding on the Turkic Forensic Science Network was signed during the meeting by the heads of the forensic science institutions of the Member States of the Organization of Turkic States (OTS).

The establishment of the Turkic Forensic Science Network marks a significant milestone in strengthening multilateral cooperation in the field of forensic sciences among the OTS Member States. Through this Network, the forensic science institutions will enhance the effectiveness and sustainability of their collaboration, including the exchange of expertise, best practices, scientific research, training programs, and mutual technical assistance.

During the Meeting, the participants delivered comprehensive presentations on the organizational structure, current activities, capabilities, and ongoing projects of their respective forensic science institutions.
