The Belgian Chamber of Representatives has unanimously adopted a resolution expressing strong support for Armenia's peace agenda and for the further deepening of Armenia's Union relations.

The author of the resolution is MP Michel de Maegd, and its adoption carries significant political importance, especially ahead of the European Political Community summit and the EU summit scheduled to take place in Yerevan next month.

Armenpress's Brussels correspondent reported that 134 votes were cast in favor of the resolution, with none against and no abstentions.
