Normalization process between Ankara, Yerevan is continuing via steps aimed at launching direct trade between 2 countries, Recep Tayyip Erdogan tells Nikol Pashinyan.

Turkish President Recep Tayyip Erdogan and Armenian Prime Minister Nikol Pashinyan on Tuesday discussed ties between the two countries as well as regional issues in a phone call, said the country's Communications Directorate.

The normalization process between Ankara and Yerevan is continuing via steps aimed at launching direct trade between the two countries, said Erdogan.
