Qazinform (19 August 2026)

Arailym Temirgaliyeva

Uzbekistan has delivered its first shipment of electrical appliances to Syria, marking an expansion of Uzbek-made products into a new Middle Eastern export market, Trend reported.

This was reflected in the statement by the Uzeltexsanoat.

The shipment, consisting of air conditioners, refrigerators and washing machines produced in Uzbekistan, was delivered to the Syrian city of Aleppo, according to the Uzbek Association of Electrical Engineering Industries.
